

All About Me!

Hi _____! I am really excited to be in your class.

Here are a few things that will help me have a great start to the school year.

- **Communication**

- **Behavior**

- **Social Interaction**

- **Transitions**

- **Academics** (strengths/challenges)

- **Other Notes** (special interests/medical needs)

Example

All About Me!

Hi Mrs. Brown! I am really excited to be in your class.

Here are a few things that will help me have a great start to the school year.

- **Visual Timers** – I have a really hard time with transitions, especially when I have to stop playing with something I love (like the playground!) Visual timers help me understand how long I have left before a fun activity ends. I also like when adults tell me about any changes ahead of time.
- **Communication** – Although my speech may be difficult to understand, I have SO much to say. I am learning the power of my words and how to best communicate my needs and wants given the environment. I will use pictures, objects, gestures, and words (if I know them) to tell the adult what I need/want in the moment.
- **Special Interests** – Lucky for you, I have SO many special interests that could be used to motivate me during class. I love, I mean LOVE animals and dinosaurs. I will probably teach you a thing or two about these amazing creatures. I also enjoy dancing, singing, looking at animal books, and playing with animal figures. Do you know the song, “Going on a Bear Hunt?” If not, you better learn it before I start because it’s one of my favorites!
